# The Accommodation Program means business.

Because it's good business to accommodate both non-smokers and smokers alike. And that's just what The Accommodation Program can help you do. The program provides a host of valuable resources–free of charge. A comprehensive Source Book delivers easy-to-use information on customer service, designating separate sections, facility ventilation and more. A professional video and customer service tip cards help make your staff's job easier. Tasteful signage shows your customers that you've considered their convenience and comfort.

No wonder more than 25,000 establishments from hotels and restaurants to bowling centers participate in The Accommodation Program. To participate in this FREE program call 1-800-929-1414.

**The Accommodation Program.**
Because it's good business.
